2021 - 2022 BUDGET MESSAGE

The 2021 - 2022 budget of Philomath Fire & Rescue is being presented as a balanced budget. Revenue projections are based on an assessed value (AV) of \$896,453,554 and our permanent tax rate of \$1.5080 per thousand of assessed value. The District has factored a 1% reduction in collection rates to anticipate any shortages due to the COVID-19 pandemic. We anticipate receiving \$15,000 in delinquent taxes and \$2,000 in interest. We also expect to receive \$8,000 for Public Education Income. An estimated \$140,000 is projected to be collected for conflagration expenses, based on the average of the last 6 years for in-state conflagrations. Additional funds, in the amount of \$56,435, are expected to be collected from miscellaneous income as well as collected fees according to the District Fee Schedule.

The City of Philomath's Urban Renewal District (URD) continues to impact the Fire District's Assessed Value (AV). The loss in AV to the Fire District for Fiscal Year 2020 - 2021 will be \$44,433,547. The Urban Renewal Plan was renewed by the City in 2010 and was extended to 2030.

The budget does not include any capital outlay expenses resulting from the GO Bond. The only funds collected relating to the bond are the Debt Services Funds for the GO Bond repayment. Fiscal Year 2021 - 2022 marks the 5th year of the District's 10-year GO Bond loan repayment.

The budget process for Philomath Fire & Rescue includes soliciting ideas for consideration from staff and volunteers.

The Budget document is presented to you in these areas:

1. Budget Programs - All the expenditures are broken down into programs, with a statement of each program's goals and objectives. Listed below are the programs for Philomath Fire & Rescue:

- A. Administrative Program
- B. EMS Program
- C. Suppression Program
- D. Safety Program
- E. Training Program
- F. Prevention Program

- G. Communication & Mapping
- H. Building & Grounds Program
- I. Vehicle & Equipment Maintenance Program
- J. Bond Debt Services

2. General Fund - This breakdown, starting on page 37, details the line items of anticipated revenues and proposed expenditures. The Fire Service General Fund expenditures include Personnel Services, Materials & Services, Capital Outlay, and Transfers, and are generally referred to as the operating budget of the District. The major source of revenue are tax funds, which are broken down into current year and previous years' taxes. The other revenues include conflagration reimbursement funds and funds from our Public Education program, including First Aid/CPR and Emergency Medical Responder classes.

Areas of emphasis for the proposed 2021 - 2022 Fiscal Year include:

a. Setting aside Vehicle Reserve funds for future purchase of apparatus.

b. Purchase of a training facility to be installed at Station 201, replacing the 1970's mobile home, funded through grant revenue.

c. Maintain sufficient funds for an unappropriated ending fund balance in order to cover District expenses prior to the receipt of tax dollars in November.

The District is currently pursuing an AFG Grant for purchase and installation of a training facility to replace the current 1970's mobile home, stationed on the training grounds at 201. The District has also submitted a grant application with the State Fire Marshal for purchase of new radios.

RESERVE FUNDS

The District budget includes three reserve funds: Vehicle Reserve, Equipment Reserve, and Building & Land Reserve. These funds are intended to ensure that the District has adequate money set aside for expenditures which are beyond the capability of a single budget cycle. As we identify expenditures from the reserve funds, the staff seek Board approval prior to using these funds. The District continues to have challenges when it comes to putting sufficient money into these funds at a level which provides the District the necessary reserves for large projects and purchases. Ultimately, the District strives to have \$1,000,000 set aside in reserves.

The <u>Vehicle Reserve Fund</u> is used to plan for the purchase of additional and replacement apparatus for the fleet. The District needs to continue to set funds aside in anticipation of future apparatus replacements as per the recently developed apparatus replacement plan. To this end, the District has budgeted \$52,100 to be put into Vehicle Reserves for the future purchase of a Staff Vehicle and a new Type 3 apparatus.

The **Equipment Reserve Fund** is used for purchase of major pieces of equipment. In the last few years the District has been able to rely upon grants and bond funds to make large equipment purchases. In Fiscal Year 2021 - 2022, the District has again applied for a grant in the amount of \$400,000 to replace the structure at the Station 201 training grounds. The District has also submitted for smaller grants for equipment and

The **Building & Land Reserve Fund** is used to buy, build, and maintain District facilities. In the past, the District has used this fund to develop rural water sites throughout the District, construct fire stations, build additions on existing stations, and to maintain facilities when the cost of a project was beyond the ability to address it in a single budget cycle.
